Subdivide And Conquer!

Occupying a prime corner position in the sought-after McDougall Park precinct, amongst quality homes and surrounded by leading schools and lifestyle amenities, this is blue chip real estate.

Currently zoned R20 and offering a generous 999m² of level Green Title land, this potential duplex block gives you lots of options, including to retain the existing three bedroom character home and create a new lot at the rear (with its own street frontage, too).

Alternatively, you may choose to renovate and extend the current home or demolish and build your dream home in this highly regarded, family-friendly neighbourhood.

For more information, please contact James Thompson today and put some

Property Type: House
Price: Sold - \$970,000
